

AC-21 ENGINE OIL FLUSH

AC-21 is a Highly Effective Single Dose Cleaner and Preparation Additive Used Pre-Oil Change that Improves Engine Performance and Oil Longevity

PRODUCT INFORMATION

AC-21 Engine Oil Flush is Formulated to Effectively Clean, Dissolve and Remove Harmful Deposits, Sludge Build-up and Varnish Before an Oil Change.

Use of AC-21 Prior to Oil Change Provides Improved Engine Compression, Extended Oil Service Life, Reduced Oil Consumption, Increased Engine Efficiency and Reduces Oil Oxidization.

AC-21 promotes suspension of impurities to remove them safely from the system and provides lubrication protection when cleaning.

AC-21 Does Not Contain High Aromatic Solvents Which Deteriorate Oil Lubricity. AC-21 Contains Anti-Friction Additives to Ensure that it Cleans Effectively and Maintains Lubricity to Protect Components.

Modern Engines Run at Higher Temperatures and Alloy components are now Very Common. Using AC-21 to remove Oxidation Products and Deposits Ensure Modern Engine Continue to Operate at the Designed Performance Levels.

DIRECTIONS FOR USE

Application	AC-21 Dose	Oil Volume
Automotive	350ml	Per Engine
Heavy Duty	50ml	Per L

1. Add AC-21 Dose to Engine Oil Through Oil Filler, Before Draining Engine Oil.
2. Start the Engine and Allow to Idle for 5-10 mins, Ensure Engine is up to Normal Operating Temperature.
3. Shut Down Engine and Drain Oil While it is Hot.
4. Refill Engine Oil According to OEM Specification.

AC-21 ENGINE OIL FLUSH

AC-21 is a Highly Effective Single Dose Cleaner and Preparation Additive Used Pre-Oil Change that Improves Engine Performance and Oil Longevity

TYPICAL PROPERTIES

Appearance:	Clear to Tan Liquid
Specific Gravity:	0.90 - 0.92 (at 25°C)
Odour:	Slight Citrus Odour
DG Class:	Non-Dangerous Goods
Hazardous:	Yes
Melting Point:	Not applicable
Boiling Point:	170°C - 350°C
Solubility:	Does not emulsify in water
Flash Point	>62°C

Non DG

PRODUCT CODES / QUANTITIES

Available AC-21	Pack Size	Pack	Quantity
A/AC21/350	350ml	Bottle	Carton (12)
A/AC21/5	5L	Bottle	Carton (4)
A/AC21/20	20L	Cube	
A/AC21/200	200L	Drum	
A/AC21/1000	1000L	IBC
