

## AC-27 Brake Cleaner

Australian Formulated and Manufactured Brake and Parts Cleaner with Highly Effective Cleaning and Drying Properties

### PRODUCT INFORMATION

AC-27 is a Highly Effective Solvent Based Brake Cleaner Specifically Formulated in Australia for Cleaning Brake and Clutch Parts.

AC-27 Evaporates Quickly and Does Not Leave Residual Deposits, Eliminating Secondary Cleaning Allowing for Immediate Assembly of Parts.

AC-27 Specialized Formula Will Not Affect Rubber Used in Brake Systems, (Unlike Lesser Solvents). As Proven in Aviation and Defense Applications.

Best Results are Achieved Using Spray Applicators.

**Note:**

- Product is Highly Flammable
- Refer to SDS Prior to Use
- Dispose Empty Containers According to Local Regulations

### TYPICAL PROPERTIES

<b>Appearance</b>	Clear Liquid
<b>Odour</b>	Sweet
<b>Solubility</b>	Slightly Miscible
<b>Flammability</b>	Highly Flammable
<b>Solubility</b>	Soluble
<b>DG Class</b>	Class 3 Flammable (Packing Group II)
<b>Hazardous</b>	Yes
<b>Specific Gravity</b>	0.67 – 0.69
<b>Boiling Point</b>	68 °C
