

## AC-31 SILICONE FREE TYRE SHINE

AC-31 Silicone Free Tyre Shine is Ideal for Situations where Silicone would not be Suitable such as Smash and Panel Repair Shops or in Areas where Silicone Poses a Slip Hazard

### PRODUCT INFORMATION

AC-31 is a Silicone Free Water Based Tyre Treatment and Rejuvenator. This Product is Ideal for Situations where a Quick and Cost-Effective Dressing is Required.

AC-31 is Popular with Automotive Paint and Panel Workshops as it Removes the Risk of Silicone Contaminating Paint Finishes.

AC-31 Typically Does Not Cause Surfaces to Become Slippery over Time as Does Buildup of Silicone.

### DIRECTIONS FOR USE

AC-31 Can be Sprayed, Painted or Wiped onto Surfaces  
 Best Results are Achieved by Evenly Spraying and Allowing 15 Mins to Dry  
 For a Quicker Dry Time, Wipe with a Clean Rag After Spraying
