

AC-32 SURFACE PROTECTANT

An Advanced Formula Containing Organic Lime for the Protection of Vinyl and Rubber Surfaces Against UV, Bacteria, Dust and Abrasion

PRODUCT INFORMATION

AC-32 Is an Easy-to-Use Silicone Emulsion Based Treatment to Clean, Protect and Shine Rubber, Vinyl and Plastic Surfaces. The Pleasant Organic Lime Scent and Lack of Greasy Finish Make AC-32 the Favorite Treatment for Many Detailing Specialists.

Perfect for All Interior Surfaces Including Seats, Dash, Trim as well as External Bumpers and Trims.

BENEFITS

Protects & Shines	Prevents Discolouration & Cracking
Guards Against UV Damage	Economical to Use
Enhances Colour & Appearance	Does not Dry Greasy
Made for Rubber, Vinyl and Plastic	Maintains an 'As New' Appearance

DIRECTIONS FOR USE

1. Clean Heavy Dirt and Soil from Surface Before Applying AC-32
2. Apply an Even Film of AC-32 with Spray or Cloth
3. Allow to Partially Dry for up to 1 Minute
4. Buff to a High Gloss with a Clean Cloth

Note: Not Suitable for use on Floors due to Potential Slip Hazard.
