

AC-35 MAG WHEEL CLEANER

Highly effective Non Acid Based Wheel Cleaner. Does not contain Hydrofluoric Acid (HF) or Sodium Bifluoride

AC-35 is a high quality, specially developed non acid based mag, alloy and chrome wheel cleaner.

PRODUCT INFORMATION

AC-35 is a high quality specially designed non acid based wheel cleaner. Designed to effectively remove brake dust, grease, road grime, oil and dirt from 'mag', alloy, chrome or clear coated or coloured wheels.

AC-35 is formulated without the harsh acid chemicals hydrofluoric acid or sodium bifluoride making it a user friendly product for safe and reliable all wheel cleaning. AC-35 produces a brilliant shine and is quick and easy to use.

AC-35 may be sprayed, painted or whipped onto surfaces. Best results are achieved by spraying surface evenly and allowing product to penetrate grime then rinse off. For stubborn dirt, spray on and scrub using a suitable using a suitable mag wheel brush tool or sponge, rinse thoroughly.

Note: Finish the job with AC-33 Silicone tyre shine to complete the full service wheel clean.
