

AC-39 WATERLESS CAR WASH

Unique water free car cleaning solution

AC-39 is a high quality waterless car wash, designed to safely clean without the use of water.

PRODUCT INFORMATION

AC-39 Waterless Car Wash is a spray-on/wipe-off cleaner which safely removes surface contaminants and leaves your car spotless with a showroom shine.

This formula is designed to lift the dirt away from your car's paint to help ensure a scratch-free finish. The unique formula dissolve grime quickly, while leaving a slick finish.

AC-39 Spray-on method eliminates untreated run-off and conserves up to 380L of water per wash. Perfectly cleans motorbikes, bikes, boats. AC-39 is ideal for use in showrooms, keeping vehicles looking new without the hassle of washing with water.

- Simple to use
- Quick - Wash and detail in less time
- Ecological - Saves water eliminates toxic run off into our waterways.

APPLICATION

1. Shake bottle well.
2. Start cleaning from the top of the car down.
3. Gently wipe product on a microfiber towel onto a cool car surface.
4. Quickly use a second dry towel and buff to shine.

In order to avoid scratches, do not wash your car with AC-39 Waterless Car Wash if it is extremely dirty (covered with mud and salt). Pre-rinse the car with water first. Make sure to use enough of the product on the area so that it really breaks the dirt and makes it easy to remove without scratching. This application may require the use of up to 2 - 5 towels, depends on how dirty the vehicle is. For extremely dirty applications wash the dirty towel off while cleaning if you have access to water; then continue on cleaning with the wet but clean towel.
