AC40 Q WASH TRUCK WASH

AC40 safely removes road grime and dirt from all surfaces including plastic, rubber, chrome, aluminium and paintwork. AC40 contains corrosion inhibitors to protect surface from rusting. AC40 is biodegradable and free rinsing. AC40 is an excellent, non solvent cleaner that can be used to wash trucks, cars, boats, coaches etc. AC40 leaves paintwork shiny and streak free when used according to instructions. AC40 has excellent detergent properties, an effective floor cleaner and laundry detergent for greasy overalls.

DIRECTIONS

1. Dilute with water to required strength. Normal vehicle cleaning 1:50 Lesser for degreasing heavily soiled items. Can be used 1:1.
2. Cover surface by sponging or spraying.
3. Allow time for detergent to penetrate before hosing off.

*NB: To avoid streaking apply from bottom up and do not wash in sunlight.
NB: Rinse product contacting surfaces with potable water after use.*

FIRST AID

Ingestion: If swallowed, DO NOT induce vomiting. Contact a doctor or Poisons Information Centre on 131126.
Skin Contact: Gently flush affected area with water.
Eye Contact: Flush gently with running water.

IOA No 11678

**AQIS APPROVAL OF CHEMICAL COMPOUND FOR USE IN EXPORT
REGISTERED MEAT ESTABLISHMENTS**

COMMONWEALTH OF AUSTRALIA
EXPORT CONTROL ACT 1982
EXPORT MEAT ORDERS

INSTRUMENT OF APPROVAL FOR CHEMICAL COMPOUND

I, Dean Traynor, delegate of the Secretary, pursuant to order 128 of the Prescribed Goods (General) Orders hereby approve for use in export registered meat establishments the chemical compound known as **Q Wash Truck Wash** which is supplied by Austech Chemicals Pty Ltd. Subject to the conditions specified in the following Schedule. Please note this IOA is only valid at export registered meat establishments. When using the above product all manufacturer's recommendations must be observed.

SCHEDULE

The chemical compound is approved under **Category 1 General Cleaner Type A**. This compound must not be used for any other purpose within an export registered meat establishment.

- The chemical compound shall be manufactured, labelled and contain directions for use in accordance with the details supplied by the applicant in the application for approval dated 08th January 2008.
- The person to whom this approval is granted shall notify the Secretary of any proposed alteration of formulation, labelling or directions for use of the chemical compound, and shall not effect any such alterations without receiving notification of approval from the Secretary.
- This approval is not to be construed as an indication that the Secretary has tested the efficacy of the chemical compound nor as an endorsement of the chemical compound.
- The person to whom this approval is granted shall not use the approval in any form of advertising or on any label unless the wording or display has been approved, in writing, by the Secretary.
- This approval may be revoked at any time
 - (a) if any of the conditions made by this approval are not complied with; or
 - (b) if the circumstances in which this approval was made change.
- Unless revoked, this approval will expire automatically on the 15th September 2013.

DATED THIS Fifteenth day of September 2008

Dean Traynor
